Examinations.

Examinations in dental surgery.

18. Notwithstanding anything in any Act of Parliament, charter, or other document, it shall be lawful for any of the medical authorities (herein-after referred to as colleges or bodies) who have power for the time being to grant surgical degrees, from time to time to hold examinations for the purpose of testing the fitness of persons to practise dentistry or dental surgery who may be desirous of being so examined, and to grant certificates of such fitness; and any person who obtains such a certificate from any of those colleges or bodies shall be a licentiate in dental surgery or dentistry of such college or body, and his name shall be entered on a list of such licentiates to be kept by such college or body.

Each of the said colleges or bodies shall admit to the examinations held by them respectively under this section any person desirous of being examined who has attained the age of twenty-one years, and has complied with the regulations in force (if any) as to education of such college or body.

Board of examiners.

19. Subject to the provisions herein-after contained with reference to a medical board, the council or other the governing body of the Royal College of Surgeons of Edinburgh, and of the Faculty of Physicians and Surgeons

of Glasgow, and of the Royal College of Surgeons in Ireland, and of any university in the United Kingdom respectively, may from time to time appoint a board of examiners for the purpose of conducting the examinations and granting the certificates herein-before mentioned.

Each of such boards shall be called the Board of Examiners in Dental Surgery or Dentistry, and shall consist of not less than six members, one half of whom at least shall be persons registered under this Act, and such registration shall (notwithstanding anything in any Act of Parliament, charter, or other document) be deemed the only qualification necessary for the membership of such board.

The persons appointed by each such council or other governing body shall continue in office for such period, and shall conduct the examinations in such manner, and shall grant certificates in such form, as such council or other governing body may from time to time, by byelaws or regulations, respectively direct.

A casual vacancy in any such board of examiners may be filled by the council or other governing body which appointed such board, but the person so appointed shall be qualified as the person in whose stead he is appointed was qualified, and shall hold office for such time only as the person in whose stead he is appointed would have held office.

20. Such reasonable fees shall be paid for the certificates to be granted under this Act by the board of examiners of the Royal College of Surgeons of Edinburgh, the Faculty of Physicians and Surgeons of Glasgow, and of the Royal College of Surgeons in Ireland, and of any such university as aforesaid respectively, as the council or other the governing body of each of those colleges or bodies may from time to time, by byelaws or regulations, respectively direct.

Fees for examination.

21. The Royal College of Surgeons of England shall continue to hold examinations and to appoint a board of examiners in dentistry or dental surgery for the purpose of testing the fitness of persons to practise dentistry or dental surgery who may be desirous of being so examined, and to grant certificates of such fitness, subject and according to the provisions of their charter dated the eighth day of September one thousand eight hundred and fifty-nine, and the byelaws made, or to be made, in pursuance thereof; and any person who obtains such a certificate shall be a licentiate in dental surgery of the said college, and his name shall be entered on a list of such licentiates to be kept by the said college.

Continuance of examination in dental surgery by Royal College of Surgeons of England.

22. Every medical authority shall from time to time, when required by the General Council, furnish such Council with such information as such Council may require as to the course of study and examinations to be gone through in order to obtain such certificates as are in this Act mentioned, and generally as to the requisites for obtaining such certificates; and any member or members of the General Council, or any person or persons deputed for this purpose by such Council, or by any branch council, may attend and be present at any such examinations.

General Council may require information as to examinations.

23. Where it appears to the General Council that the course of study and examinations to be gone through in order to obtain such certificate as in this Act mentioned from any of the said colleges or bodies are not such as to secure the possession by persons obtaining such certificate of the requisite knowledge and skill for the efficient practice of dentistry or dental surgery, the General Council may represent the same to Her Majesty's Privy Council.

Representation to Privy Council of defects in examination.

Powers of Privy Council, on representation, to make order.

24. The Privy Council, on any representation made as aforesaid, may, if they see fit, order that a certificate granted by any such college or body after such time as may be mentioned in the order shall not confer any right to be registered under this Act.

Any such order may be revoked by the Privy Council on its being made to appear to them, by further representation from the General Council or otherwise, that such college or body has made effectual provision, to the satisfaction of the General Council, for the improvement of such course of study or examination.

Consequences of order.

25. After the time mentioned in this behalf in any such Order in Council, no person shall be entitled to be registered under this Act in respect of a certificate granted by the college or body to which such order relates after the time therein mentioned, and the revocation of any such order shall not entitle any person to be registered in respect of a certificate granted before such revocation.

Privy Council may prohibit attempts to impose restrictions as to any theory of dentistry by bodies entitled to grant certificates.

26. If it appears to the General Council that an attempt has been made by any medical authority to impose on any candidate offering himself for examination an obligation to adopt or refrain from adopting the practice of any particular theory of dentistry or dental surgery as a test or condition of admitting him to examination, or granting a certificate of fitness under this Act, the General Council may represent the same to the Privy Council, and the Privy Council may thereupon issue an injunction to the authority so acting directing them to desist from such practice, and in the event of their not complying therewith, then to order that such authority shall cease to have power to confer any right to be registered under this Act so long as they continue such practice.

Saving as to registration under 21 & 22 Vict. c. 90.

27. A certificate under this Act shall not confer any right or title to be registered under the Medical Act, 1858, in respect of such certificate, nor to assume any name, title, or designation implying that the person mentioned in the certificate is by law recognised as a licentiate or practitioner in medicine or general surgery.

Provision for conduct of examination by medical boards, if established.

28. In the event of a board being at any time after the passing of this Act established, whether under the name of a medical board or otherwise, for nominating on behalf of any two or more of the medical authorities examiners of persons desirous of practising medicine and surgery, whether such board (in this Act referred to as a medical board) is established under the Medical Act, 1858, or otherwise, a person shall not receive a certificate of fitness to practise as a dentist from any medical authority represented on such board, or, if such board is established for the whole of England, Scotland, or Ireland, shall not be entitled to be registered in respect of any certificate obtained in England, Scotland, or Ireland, as the case may be, unless he has obtained from such board a certificate that he has shown by examination that he is qualified to practise dentistry or dental surgery: Provided that one half at least of the examiners at any such examination shall be persons registered under this Act.

21 & 22 Vict. c. 90.

The medical board shall, in such manner as may be from time to time directed by the General Council, certify to the general registrar and to the medical authorities the persons who have shown by examination that they are qualified to practise dentistry or dental surgery, and every person so certified shall on application receive from the Royal College of Surgeons of England, or the Royal College of Surgeons of Edinburgh, or the Faculty of Physicians and Surgeons of Glasgow, or the Royal College of Surgeons of

Ireland, a certificate of fitness constituting such person a licentiate in dental surgery or dentistry of such college or faculty.

If a medical authority certify to the general registrar the names and addresses of the persons who, having been so certified by a medical board, have received certificates from that authority, together with the other particulars required for the registration of such persons, the general registrar may, upon payment of the registration fee, register every such person in the dentists register without application from that person.

The General Council shall have the same power of making rules respecting the examination of persons desiring to obtain certificates of being qualified to practise dentistry or dental surgery as they have for the time being in respect of the examination of persons desiring to obtain a qualification to practise medicine and surgery, and there shall be the same right of appeal to the Privy Council against such rules.

The General Council and the Privy Council shall have the same control over the medical board, so far as regards the examination of persons desiring to practise dentistry or dental surgery, as they have as regards the examination of persons desiring to practise medicine and surgery, and shall have the same power of dismissing the members of such board.

The General Council may cause to be framed, and may approve, and when approved, submit to the Privy Council, a scheme to carry into effect the provisions of this Act with respect to a medical board, and rules respecting examinations, and for extending, with or without any exception or modification, to the examination of persons desirous of practising dentistry or dental surgery, the provisions of any Act for the time being in force with respect to the examination of persons desiring to practise medicine or surgery, and any such scheme when confirmed by the Privy Council shall have full effect.

Any such scheme may provide for the fees to be paid on admission to the examinations, and for the application of such fees for public purposes, and generally for such matters as appear to be necessary or proper for carrying into effect the scheme and regulating the examinations.

It shall be lawful for Her Majesty at any time after the said appointed day to declare by Order in Council that section twenty-eight of the said Dentists Act, 1878, shall be in force on and after a day to be named in such Order, but in the meantime and until such order has been made, and before such day as last aforesaid, such section shall not be deemed to be in force.

Supplemental.

29. A copy of the register of dentists for the time being, purporting to be printed and published in pursuance of this Act, shall be evidence in all cases (until the contrary be made to appear) that the persons therein specified are registered according to the provisions of this Act; and the absence of the name of any person from such copy shall be evidence (until the contrary be made to appear) that such person is not registered according to the provisions of this Act: Provided that, in the case of any person whose name does not appear in such copy, a certified copy under the hand of the registrar of the General Council of the entry of the name of such person in the dentists register shall be evidence that such person is registered according to the provisions of this Act.

powers of Privy
Council.

Any order made by the Privy Council, or any appeal to them under this Act, may be made conditionally or unconditionally, and may contain such terms and directions as to the Privy Council seem just.
